THE FUTURE.....

The future of WWEC is in the true perspective of progressive Elizabethtown College. The station is concentrating on the objectives of its purpose to educate, entertain, and inform by presenting the highest caliber of programming that it can offer.

WWEC hopes to achieve its goals as a vital part of the college community involving student planning, initiative, and cooperation with the faculty and administration. It hopes to do this by building a well-balanced repertoire of music, a well-organized news staff, an intellectual presentation of information from various educational societies, and an adequate coverage of the important lectures, sports events, concerts, and special events that are presented by the College, its students, and its faculty.

But the vision of WWEC encompasses more. With the achievement of these goals, WWEC hopes to become a service not only to Elizabethtown College, but to the community and surrounding areas as well.
